In all types of questions, the verbs in both the question and the answer must be in the same tense, for example, if the verb in the question is in the present tense, the verb in the answer must also be in the present tense.

Question tags / tag questions are mostly used when you want your listener(s) to agree with you on something. There are rules governing tag questions and answers. They are:

1. Positive Statement, Negative Tag, Positive Answer
2. Negative Statement, Positive Tag, Negative Answer
3. An auxiliary verb repeats itself in the tag, but main verbs use the appropriate forms of verb "DO"
4. In a complex sentence, the tag is picked from the main clause.
5. Statements containing negators are regarded as negative statements
