WEEK 1-4

TOPIC; NOK CULTURE;

NOK, culture is described by Wikipedia as an early iron age population whose material remains, were named after NOK, a village in the present Kaduna state of Nigeria, it existed as evidence showed, as early as 1000BC in central Nigeria,

it has also been described as a culture which provides evidence of earliest Nigeria ancient civilization. NOK art works were named after the NOK village by BERNARD FAGG .Archaeological studies of NOK culture had produced evidence of extensive iron work in the form of furnace and the production of terracotta (baked clay), figure of a great artistic styles and values.
