#### Performance objectives:

Students should be able to:

1. State ineffective personal

## Content

### Ineffective personal security

Ineffective personal security is when a neighbourhood is unsafe and insecure for people to live in.

Ineffective security brings about the following;

1. **Loss of lives:** Ineffective personal security makes the neighbourhood to be unsafe, thereby exposing the people to danger or harm to an extent which there maybe lost their lives.
2. **Loss of properties:** people tend to lose their properties through theft, violence or emergency situation when there in..
